## Tables 21 and 22 Columns Explained

Assessment/Placement	Enrollment
<p><b>Column 1 Total Assessed/Placed:</b> Cohort of students assessed/placed should include assessment/placement results for first time students with a credit enrollment in any course, summer 2019 through spring 2020 not just English, math, or ESL courses.</p>	<p><b>Column 1 Total Enrolled:</b> The cohort for student enrollments shall include first credit enrollment for all first time students enrolled summer 2019 through spring 2020, including intersessions. Include first enrollment regardless of where the student was assessed/placed. For example, if a student was assessed/placed in transfer level Math course and enrolled in pre transfer level Math coursework, the pre transfer level enrollment would be reported here. These columns shall include the number of distinct students enrolled at census regardless of their educational goal. If end of term data are used, include withdraws (EW, MW, and W grades) as enrollment in the course.</p>
<p><b>Column 2 Number of Students Assessed/Placed into Transfer Level Course <u>without</u> Concurrent Support:</b> These columns show the number of distinct students out of the total assessed/placed (Column 1) in the academic year who were assessed/placed into a transfer level or degree applicable course without concurrent support.</p>	<p><b>Column 2 Number of Students Enrolled into Transfer Level Course <u>without</u> Concurrent Support:</b> These columns show the number of distinct students out of the total enrolled (Column 1) in the academic year who were enrolled in a transfer level or degree applicable course without concurrent support. Report enrollment in the gateway transfer level course when reporting transfer level enrollment (e.g. Statistics or Precalculus).</p>
<p><b>Column 3 % of Students Assessed/Placed into Transfer Level Course <u>without</u> Concurrent Support:</b> Divides Column 2 by Column 1.</p>	<p><b>Column 3 % of Students Enrolled into Transfer Level Course <u>without</u> Concurrent Support:</b> Divides Column 2 by Column 1.</p>
<p><b>Column 4 Number of Students Assessed/Placed into Transfer Level Course <u>with Recommended or Required</u> Concurrent Support:</b> These columns show the number of distinct students out of the total assessed/placed (Column 1) in the academic year who were assessed/placed into a transfer level or degree applicable course with recommended or required concurrent support. Include all types of concurrent support. The college can define what encompasses concurrent support, but examples may include: corequisite support courses, additional course units, lab units, credit or noncredit units, supplemental learning activities, recommended or required tutoring including embedded tutoring or supplemental instruction.</p>	<p><b>Column 4 Number of Students Enrolled into Transfer Level Course <u>with Recommended or Required</u> Concurrent Support:</b> These columns show the number of distinct students out of the total enrolled (Column 1) in the academic year who were enrolled in a transfer level or degree applicable course with recommended or required concurrent support. ### Rows Explained

---

**Racial/Ethnic Groups.** The template requests that colleges report ethnic groups based on MIS reporting categories (<https://webdata.cocaco.edu/ded/sb/sb05.pdf>); however, colleges can use discretion in rolling up groups into categories that are most appropriate to the population they serve. For example, if the college has a very small population of Filipino students, they may combine this group with the Asian category. Further, if a college enrolls a large proportion of students from Africa who may not identify as African American, they may use discretion in reporting the students in the African American category, Multi Ethnicity, Unknown category, or other appropriate category.
